

TOP 5

Reasons to Choose Turning Pointe Dance Studio

Since 2005, Turning Pointe has strived to evaluate, improve, update, challenge and perfect our business to provide the best experience possible for our dancers and their families.

There are many benefits to enrolling your child at our studio, but we feel these are the Top 5:

1. Age Appropriateness

Our values solidify our strong beliefs in age-appropriate costumes, song lyrics and dance movement.

2. Small Class Sizes

In order to provide the best education to our dancers, we maintain a low teacher-to-student ratio.

Combo and Mini/Jazz Hip Hop Classes are limited to 8 dancers.

Level 1-5 classes are limited to 12 dancers.

3. Facilities

We are proud of our beautiful facilities. Our dance studios are spacious and equipped with quality, engineered floating wood floors to protect our dancers from injury. Parents sit comfortably in high-back leather chairs while they watch their child learn from our hallway of viewing windows. Dancers feel like a star in our dressing rooms complete with countertops and make up lights. And finally, everyone has access to our Free Wi-Fi connection.

4. Quality education with great teachers

The best education starts with the best teachers. We employ instructors who are well trained in the art and discipline of dance and also have a love of children. Our instructors serve as a positive role model for our students and genuinely enjoy being a part of each dancer's learning and growth in technique and performance.

5. Professional, themed Recital

Each Spring, our dancers perform in our professional, themed production. Dancers have the opportunity to shine on stage while demonstrating what they learned throughout the year. Parents can look forward to performances that are well organized, free for family and friends to attend and include cost effective costumes.

**Our Top 5 Reasons make
Turning Pointe Dance Studio the #1 Choice for families!**
